### Import Spotify Music

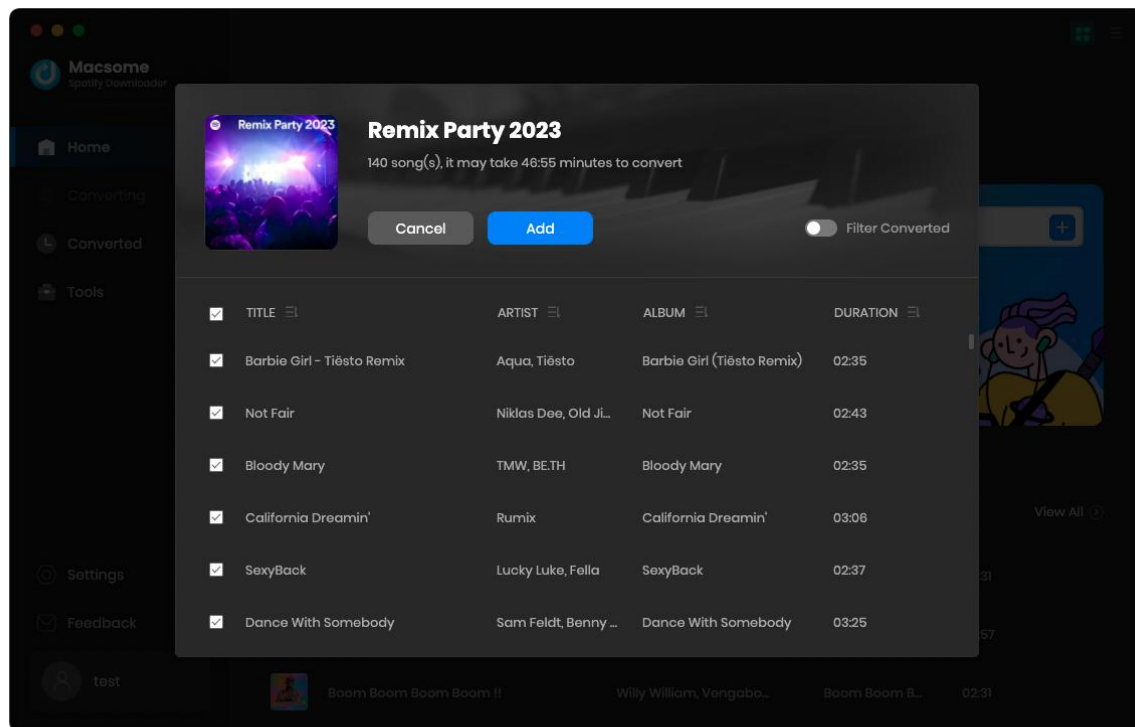

**Macsome Spotify Downloader** offers two download modes: from Spotify App or Spotify Web Player, which enables you to download music from the Spotify app with original quality at 1x speed and Spotify web player at 10x faster speed.

## From Spotify App:

**Step 1.** Please drag and drop the track from Spotify to the specific detect area in Macsome directly. Or you can copy the link (Click "..." of the track or right click to choose "Share" >> "Copy Song Link"/"Copy Spotify URL"), then go back to Macsome and paste the link into the input box.

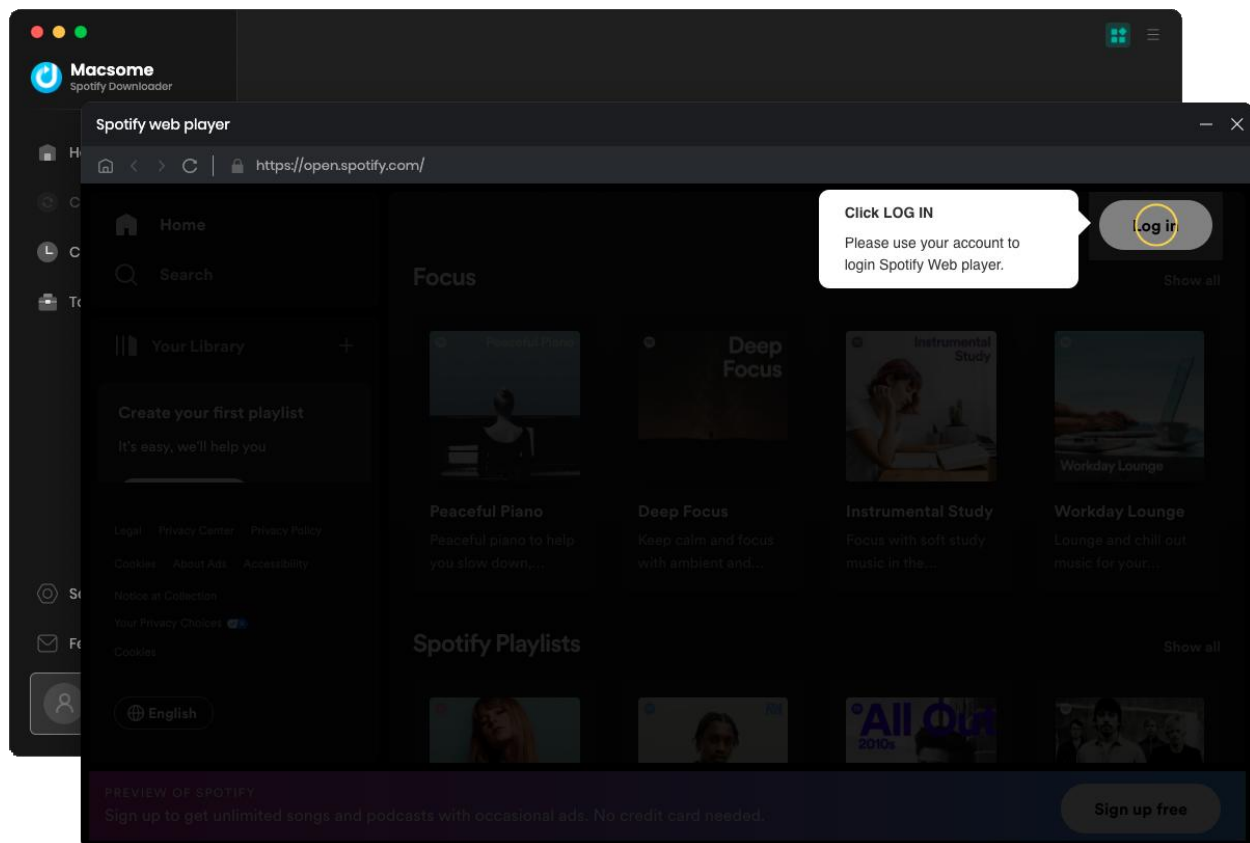

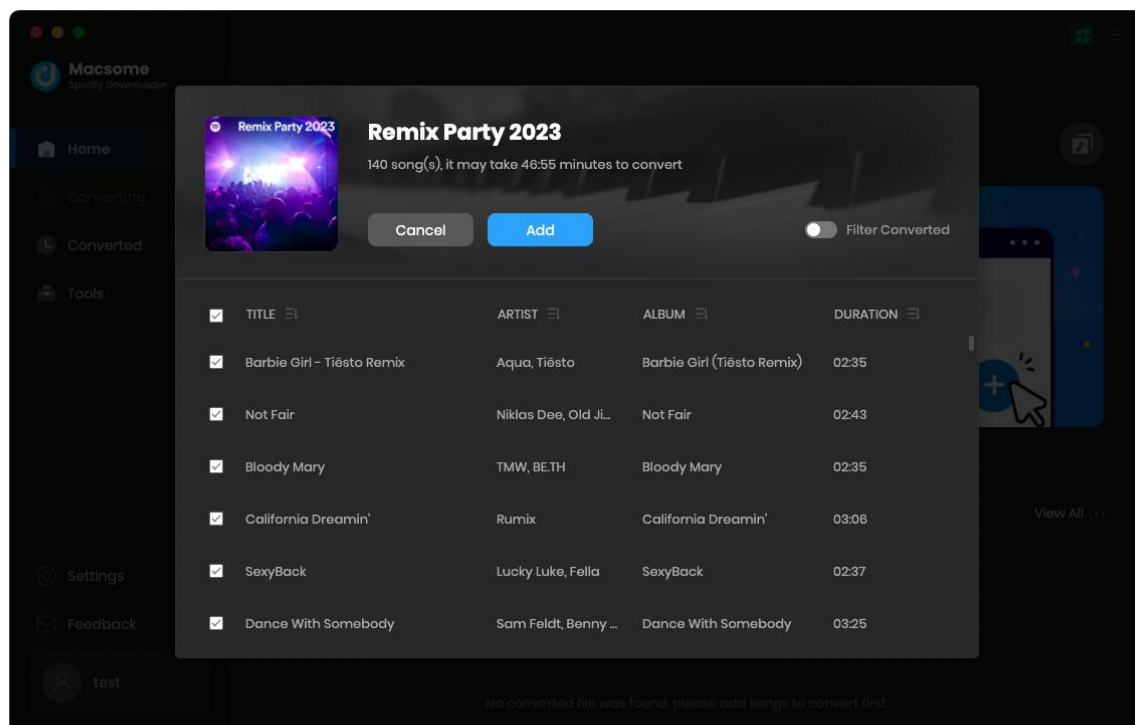

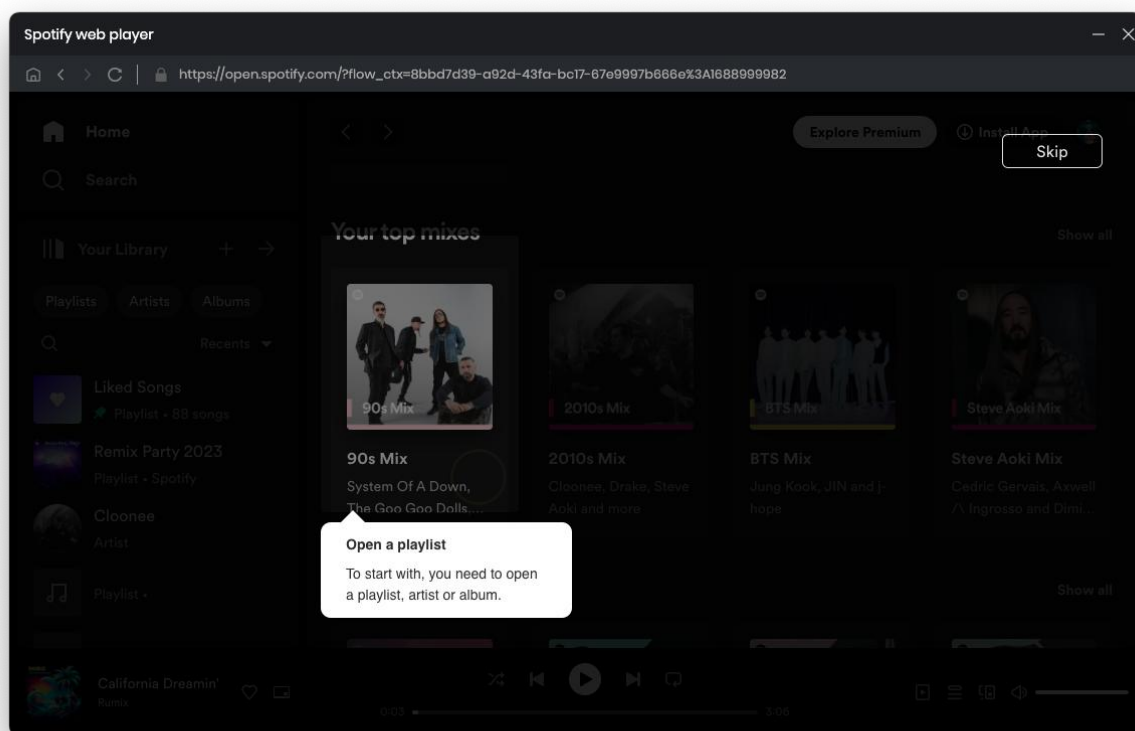

**Step 2.** After the tracks being added, you can uncheck the songs that you needn't convert before clicking "Add".

### From Spotify Web Player:

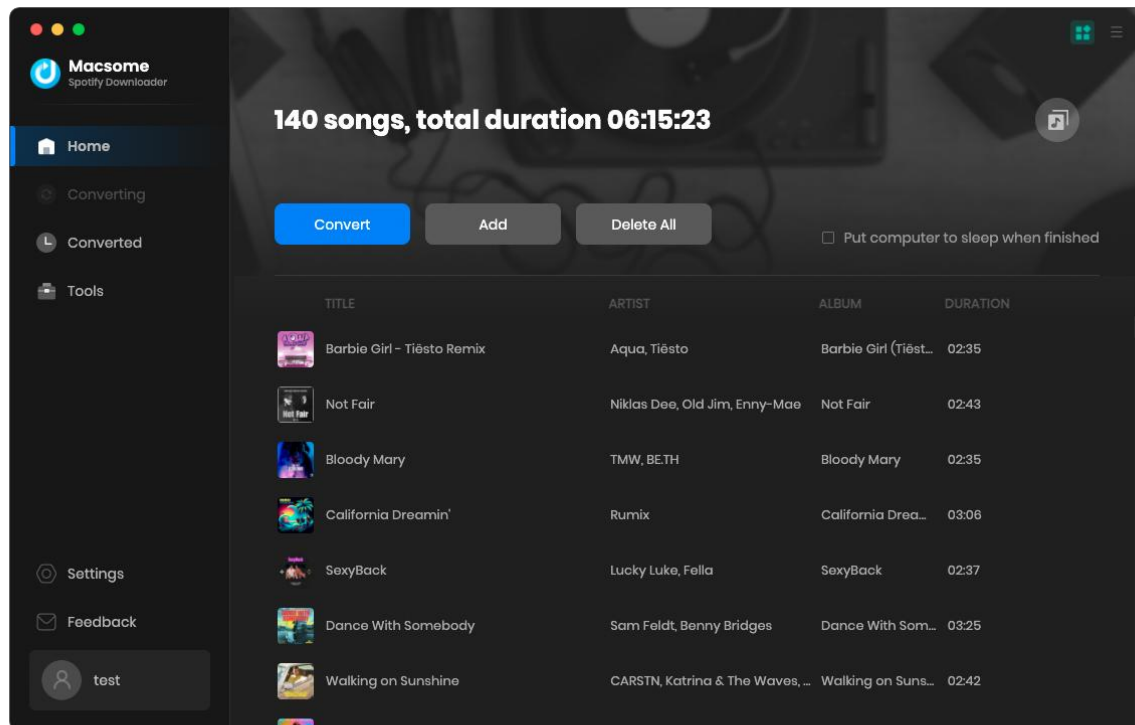

**Please note** that if you choose to record music from the Spotify web player, you are able to download songs from Spotify on your Mac at **up to 10X** faster speed. You'll need to log into your Spotify account before conversion, but don't worry, we won't gain access to your account information other than the songs.

Sign in to your Spotify web player. Then you can open a playlist, then Macsome will parse the link.

Click the **“Add”** button, all the tracks will be loaded to the main window.

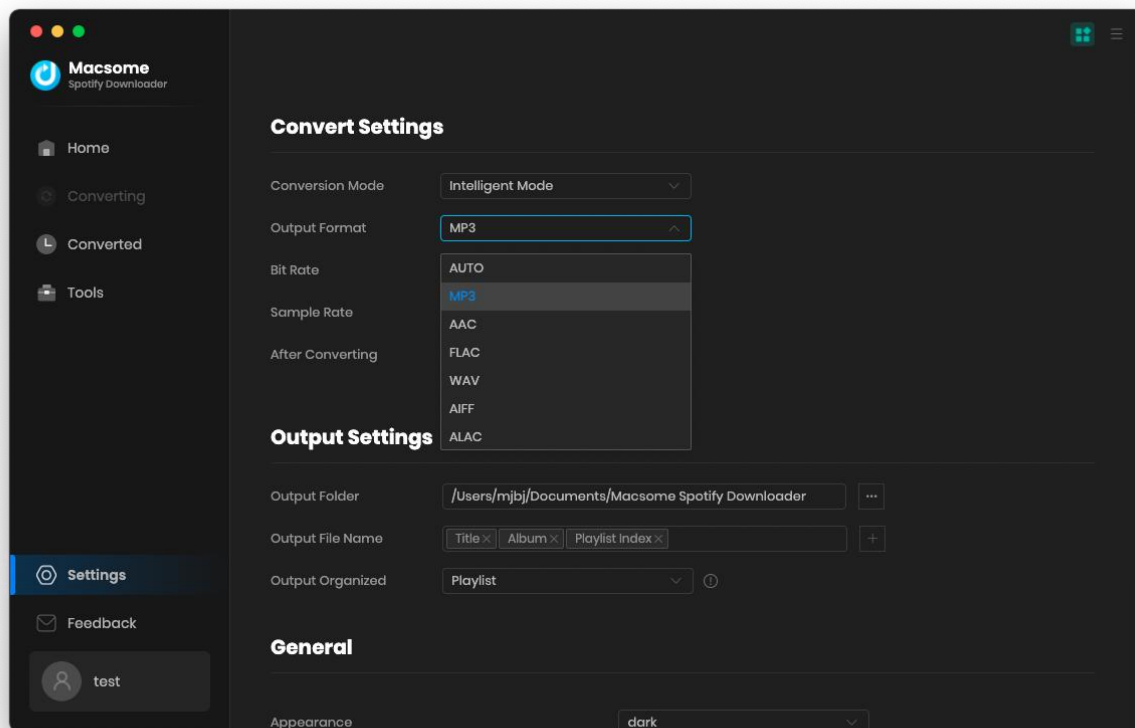

## Delete Spotify Files

After clicking "Add", all tracks that you need to convert will be listed below. If you still want to delete some files now, just move your mouse on the file and there is a small  to delete the file. If you think you don't want all of them, there is a **“Delete All”** button.

## Customize Output Settings

Click on **Settings** icon on the left, and then there will be a pop-up window which allows you to set the output parameters. Macsome provides with 6 download formats, you can convert songs to MP3, AAC, FLAC, WAV, AIFF, or ALAC format. Other settings parameters like conversion mode, output quality, saving path, naming format are ready for you to customize. Then just need to close the window directly to apply.

### Convert Settings:

Conversion Mode: Intelligent Mode, Spotify Record, Web Download, YouTube Download

Output Format: MP3, AAC, FLAC, WAV, AIFF, ALAC

Bit Rate: 128kbps, 192kbps, 256kbps, 320kbps

Sample Rate: 44.1kHz, 49kHz, 96kHz, 192kHz

### Output Settings:

Output Folder: You can choose to change it or not

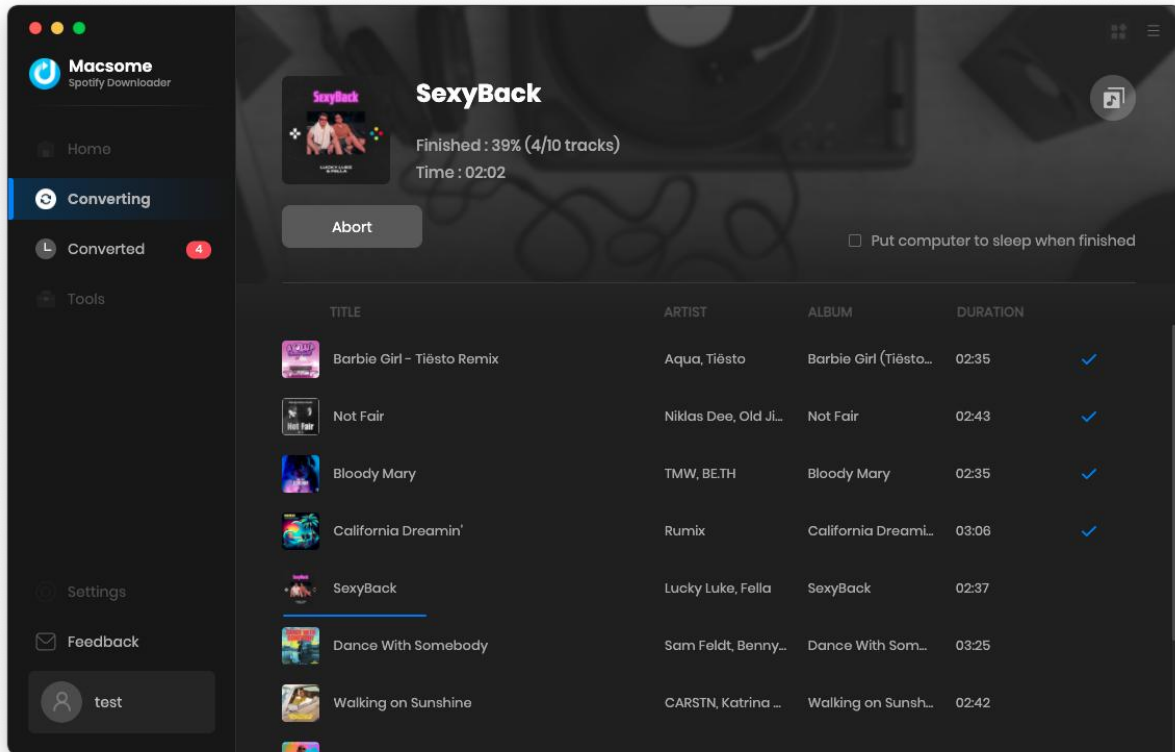

Output File Name: {Track Number}, {Title}, {Artist}, {Album},{Playlist Index},{Year}

Output Organized: None, Artist, Album, Playlist, Artist/Album, Album/Artist, Playlist/Album, Playlist/Artist

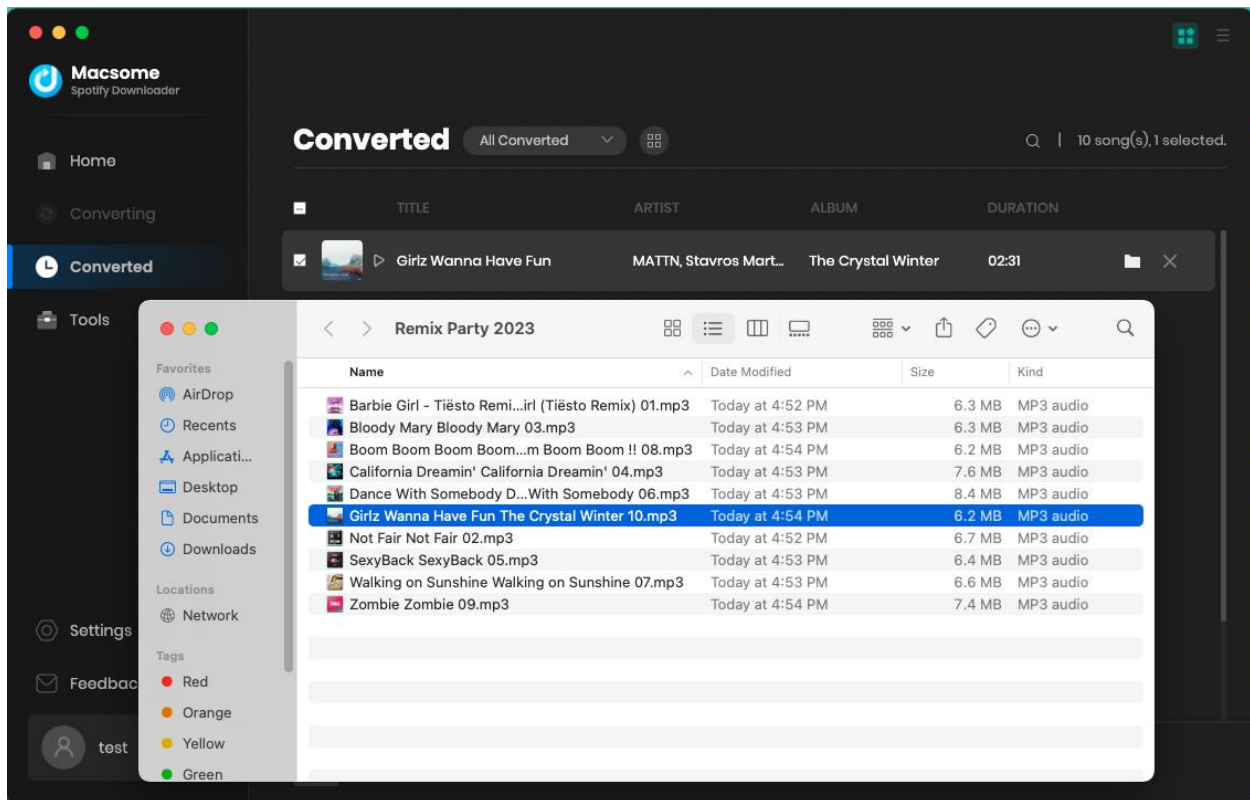

## Convert Spotify Music

When finish settings, click "Convert" button to start converting.

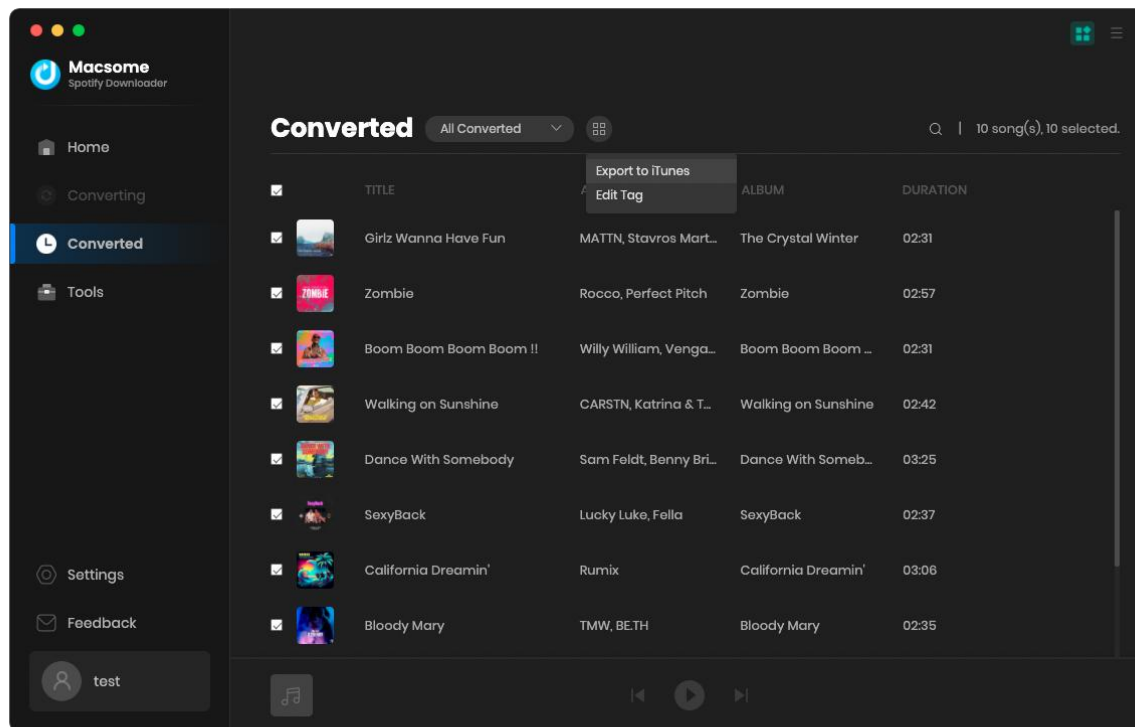

## View Conversion History

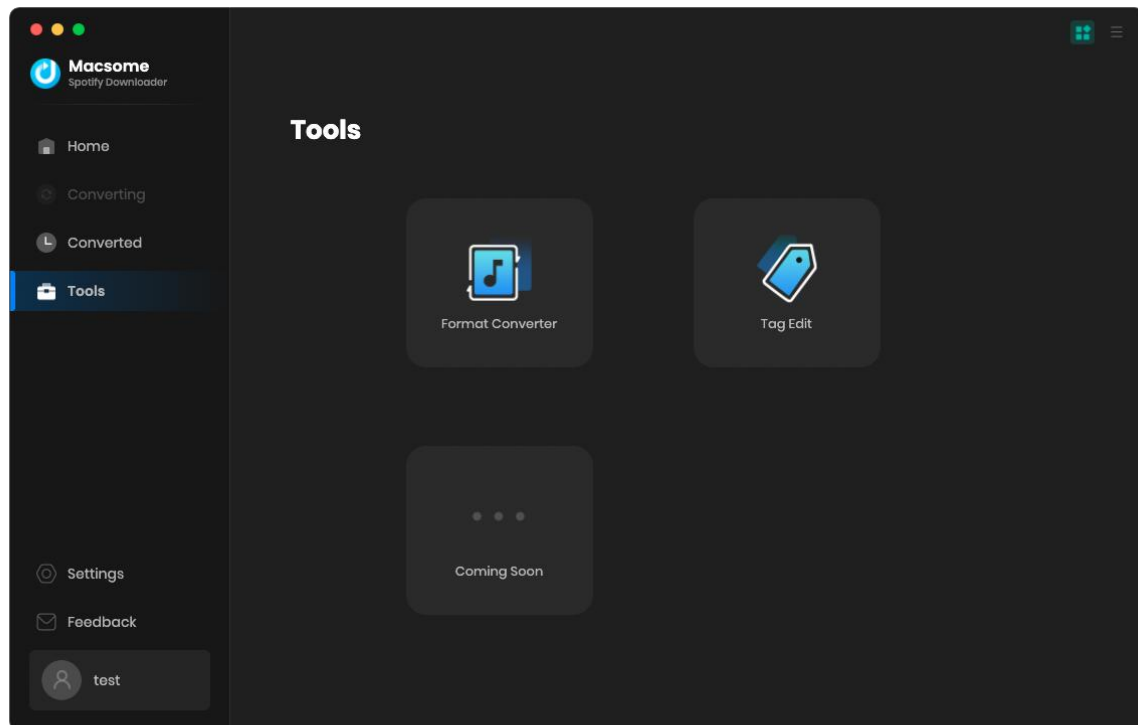

After conversion, click "Converted" to find your converted Spotify Music tracks.

**Note:** If you need to share or transfer the converted Spotify music, you could click the buttons on the top of Converted interface. Macsome provides "Export to iTunes" and "Edit Tag" for you. Macsome also offers music playback function.

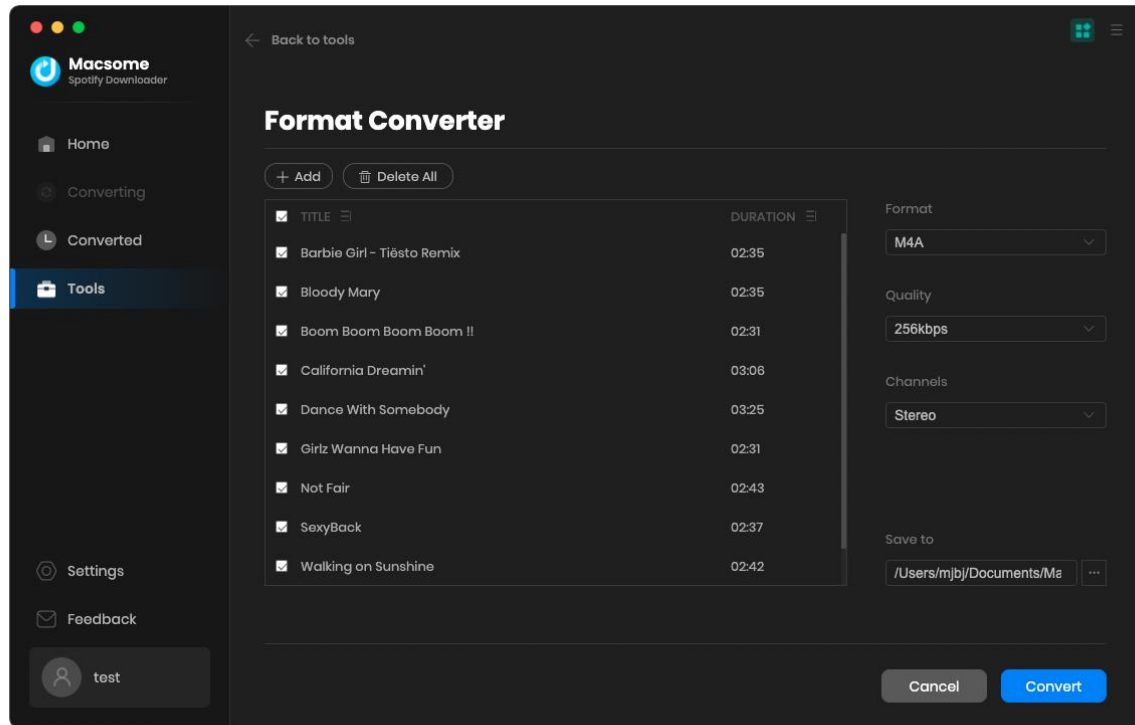

## Tools

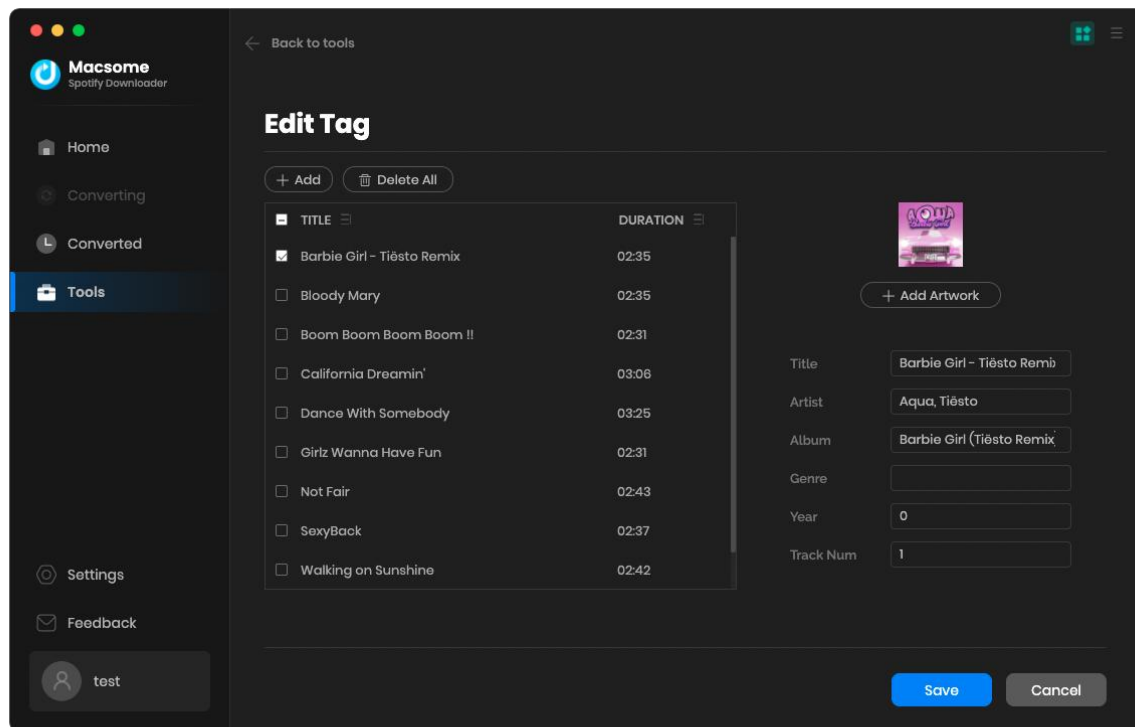

## Format Converter

This function allows you to convert music file to 6 different formats with converted music or music in local files. They are MP3, M4A, FLAC, WAV, OGG, and AIFF.

## Edit Tag

This function allows you to edit ID3 tag of a song. You can change the information of "Title", "Artist", "Album", "Genre", "Year" and "Track Num".
